

Ektron Website Quick Reference

Create Bulleted Lists & Lists without Bullets Using Link / List Fields

Overview

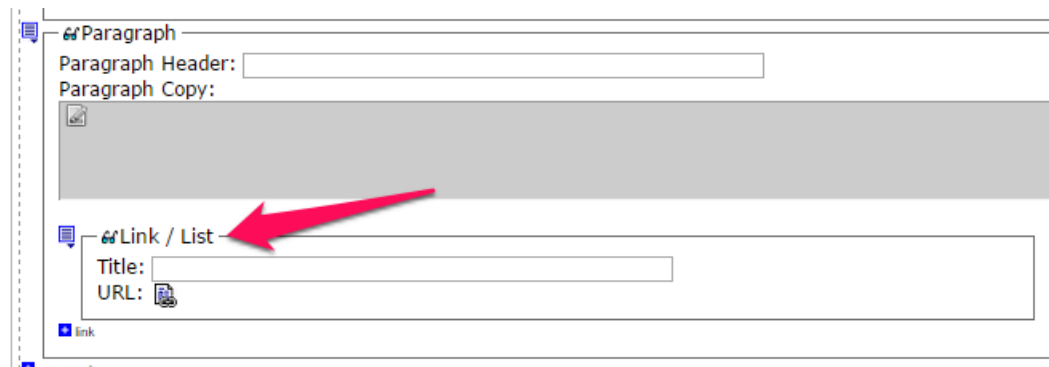

Both the Page-Program and the State: Page-Program V3 smart forms include Link fields.

Create Bulleted List

Open a either smart form and click the +Link icon

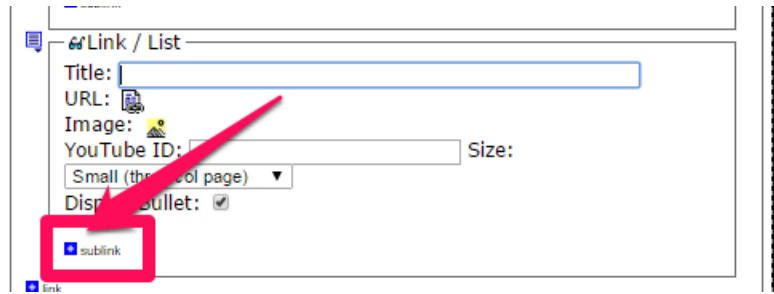

This displays the Link / List Field. In the both smartforms this field is automatically bulleted. Enter the text you want to be a bulleted statement in the Link / List Title Field.

Repeat these steps for each item you want in the bulleted list.

SmartForm: Page-Program V3

This smartform allows you a second level or sub-link of bullets or another level of indented lines.

Link / List

YouTube ID: Size:

Small (three col page)

Display Bullet:

sublink

Click the sub-link button to display the second level. Click the Display Bullet button.

Sub Link / List

Title:

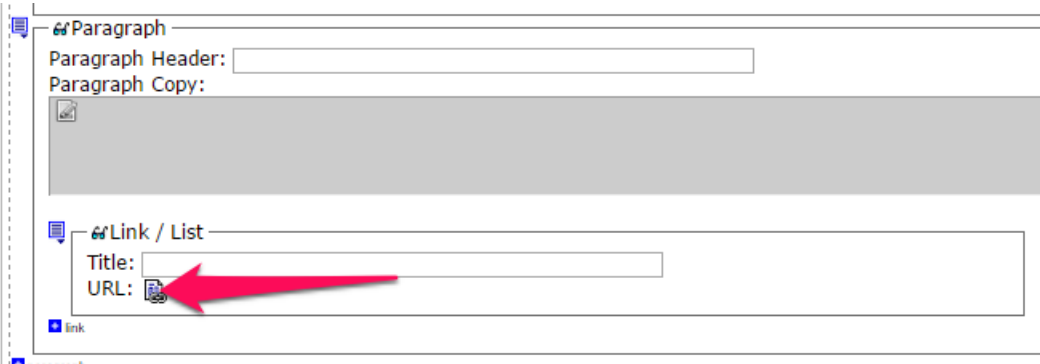

URL:

Display Bullet:

To create an UnBulleted List

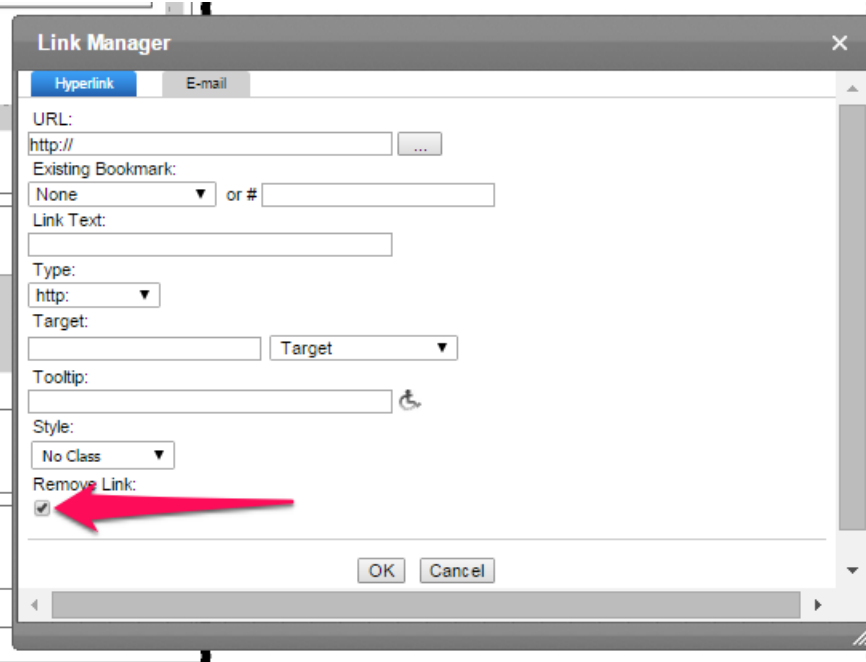

Single Level List

Click the URL Button

The screenshot shows a software interface with two main sections. The top section is titled 'Paragraph' and contains a 'Paragraph Header' text box and a larger 'Paragraph Copy' text area. The bottom section is titled 'Link / List' and contains a 'Title' text box and a 'URL' text box. A red arrow points to a small icon (the URL button) located to the left of the 'URL' text box. Below the 'Link / List' section, there is a small 'link' checkbox.

Check the Remove Link Button and click OK. Repeat these steps for each item you want in the list without bullets.

The screenshot shows the 'Link Manager' dialog box. It has two tabs: 'Hyperlink' (selected) and 'E-mail'. The 'URL' field contains 'http://'. Below it is an 'Existing Bookmark' dropdown set to 'None' and an 'or #' field. The 'Link Text' field is empty. The 'Type' dropdown is set to 'http:'. The 'Target' field is empty and the 'Target' dropdown is set to 'Target'. The 'Tooltip' field is empty. The 'Style' dropdown is set to 'No Class'. The 'Remove Link' checkbox is checked, and a red arrow points to it. At the bottom are 'OK' and 'Cancel' buttons.
