

Ektron Website Quick Reference

Option Fields – Force Selection (No Default Chosen)

The CMS will not allow an option box to be blank. However, you can choose to display “Select” as the default as shown below.

Is this event? (Select) ▼

Next to the option box, click on the CHOICES FIELD ICON.

• Appearance Type:  Attend only ▼

Click here

When the CHOICES FIELD dialog box opens under the ALLOW SECTION, check FIRST ITEM IS NOT A VALID SELECTION. Then review the selections under ITEM LIST. You will see only one item checked. That is the current default.
